Academics

Folsom's 7th & 8th graders have been creating personalized learning plans (PLP's) since 2005

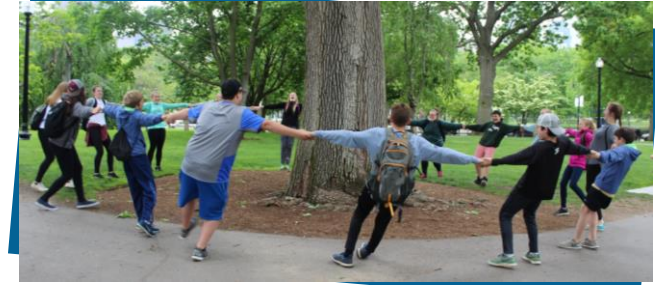

In 2015, two students set a PLP goal to learn how engines work. They successfully disassembled and repaired a lawn mower engine.

Multi-year instruction allows Folsom's award-winning Middle School teachers to develop a deep understanding of students' strengths and needs

Community

Year-round team-building events build a supportive, inclusive Middle School community

Service Projects, like gleaning food from local farms, allow students to work as a team and give back to the community

7th & 8th graders become leaders, mentors, and role models for the K-6 kids

Music

Folsom students develop skills and perform their own selections in Music, Chorus, and Band

In the Middle School Musical, all students who wish to perform are given a role on the stage!

French

All Folsom students study French, with biennial visits to Quebec!

Sports

Boys and Girls soccer and basketball allow Folsom students to build their skills and confidence

At Folsom, all students who wish to play are welcomed to the team and put on the field!

And much more!

With art, clubs, projects...Folsom offers something for everyone!

And if sufficient Island students choose Folsom, we may be able to offer door-to-door transportation!

Folsom

Be a part of the Folsom Family!

To learn more, or to shadow a Folsom student, call 372-6600 or visit www.GoFolsom.org!

We can't wait to meet you!
